**PRE-ENTRY ASSESSMENT PROGRAM (PEAP) for RESIDENTS
FINAL ASSESSMENT FORM**

The Pre-entry Assessment Program (PEAP) for residents is an assessment process that evaluates international medical graduates to determine whether they can function at the level of Ontario medical school graduates and are qualified to enter an Ontario residency program. The majority of PEAP candidates are on a Visa and are expected to return to their country of origin following completion of postgraduate training.

The PEAP process allows for appropriate, supervised clinical activity. A PEAP candidate is assessed in a multidisciplinary environment where there is patient input on an ongoing basis. The PEAP must meet the following criteria:

- a) be of four to twelve weeks in duration
- b) be taken at a medical school in Ontario
- c) provide assessment of the candidate's clinical skills, knowledge and judgment in the discipline in which the candidate is seeking postgraduate education, as well as the candidate's basic skills in internal medicine, obstetrics and gynecology, pediatrics, psychiatry and general surgery, appropriate for practice in the chosen discipline
- d) provide assessment in respect of whether the candidate,
 - is mentally competent to practise medicine
 - has the ability to practise with decency, integrity and honesty and in accordance with the law
 - has sufficient knowledge, skill and judgment to engage in the kind of medical practice authorized by the certificate
 - can communicate effectively and displays an appropriately professional attitude

The Postgraduate Office should forward copies of this evaluation to the designated supervisor, the candidate and the CPSO.

Important notes to the assessors and the candidate:

- 1) If a candidate is unsuccessful in the PEAP, s/he is not permitted to enter another PEAP in the same discipline in Ontario. An unsuccessful PEAP result will be communicated to all Ontario medical schools.
- 2) Before the candidate begins his or her PEAP, he or she must have received from the College an educational certificate for PEAP or been advised by the College's Registration Department that a certificate has been issued. Upon successful completion of the PEAP, the CPSO will automatically convert the educational certificate for PEAP into a full certificate of registration for Postgraduate Education to coincide with commencement of the residency program.

It is an offence under the Regulated Health Professions Act for a person to practice medicine in Ontario until such time as the person is registered and authorized to practice medicine by the College of Physicians and Surgeons of Ontario.
